

Track position at UTOF

Track slope at UTOF

Track position at UTOF (cluster size=0)

Track slope at UTOF (cluster size=0)

Track position at UTOF (cluster size=1)

Track slope at UTOF (cluster size=1)

Track position at UTOF (cluster size=2)

Track slope at UTOF (cluster size=2)

Track position at UTOF (cluster size=3)

Track slope at UTOF (cluster size=3)

Track position at UTOF (cluster size>3)

Track slope at UTOF (cluster size>3)

Track position at LTOF

Track slope at LTOF

chi square of all tracks

chi square after Prob

Number of clusters

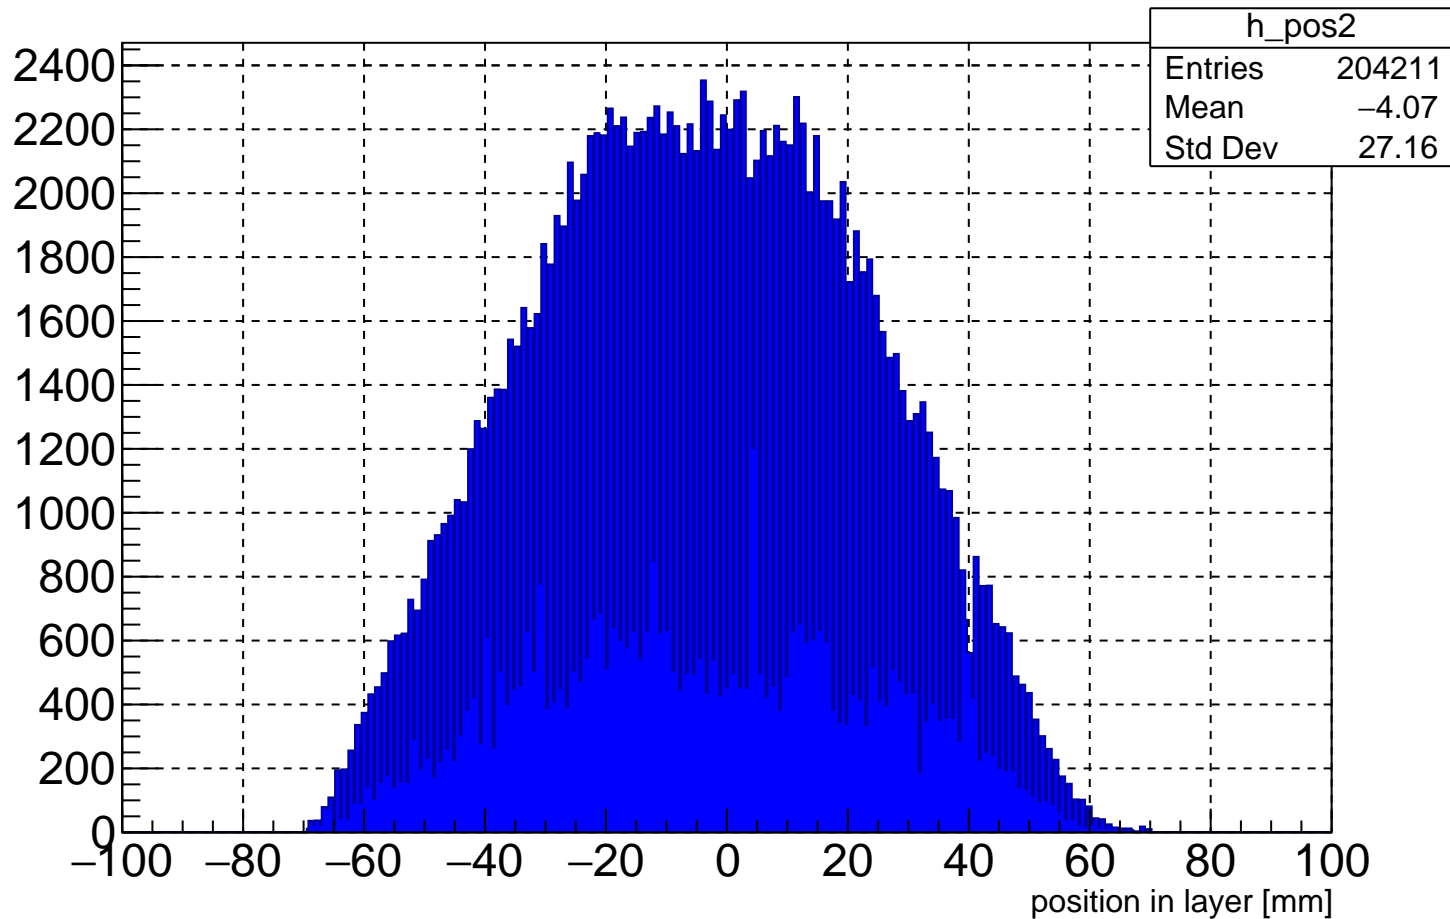

Maximum size of clusters

position of layer 1

position of layer 2

position of layer 3

position of layer 4

position of layer 5

position of layer 6

residual of layer 1

residual of layer 2

residual of layer 3

residual of layer 4

residual of layer 5

residual of layer 6

Leading TDC value of layer 1

Leading TDC value of layer 2

Leading TDC value of layer 3

Leading TDC value of layer 4

Leading TDC value of layer 5

Leading TDC value of layer 6

Time over threshold of layer 1

Time over threshold of layer 2

Time over threshold of layer 3

Time over threshold of layer 4

Time over threshold of layer 5

Time over threshold of layer 6
